“WE UNDERSTAND THAT INTERIOR DESIGN IS MORE THAN THE WAY WE ADORN OUR SPACES, IT’S HOW WE CREATE A LIFE WE LOVE WITHIN THEM.”

What is the key to creating timeless spaces with a true wow factor? “It’s the marriage of classic design principles and daring execution,” says Gil Walsh. “It’s also having the intuition to know which rules to break and when, and where to add color. And it takes a team that shares a collaborative approach to design.” As Principal at Gil Walsh Interiors, the award-winning designer and her staff bring those essential elements to life. When asked what best exemplifies her work, Walsh explains, “My expertise spans a wide range of styles and projects, from the organic restoration of the interior of Frank Lloyd Wright’s Fallingwater to creating luxurious designs in the hospitality sector, including exclusive clubs and five-star inns. Showcasing my versatile approach to design, my work also encompasses traditional, transitional and modern aesthetics, which is uniquely tailored to each project and client.”

Design For Living

- **What sets you apart in the industry?**
  As a lifelong student of classic design, I am passionate about my work and I take great pride in sharing my knowledge and experience with my team and my clients. That, along with my eye for design, color and fabric, have resulted in over $200 million in design work over the past 30 years.

- **What’s on the horizon?**
  I have a broad vision for the future that centers on growth and collaboration. Primary to this is recruiting and/or partnering with talent of varied cultural and professional backgrounds, including local craftspeople and regional artists. By fostering these collaborations, we can ensure that each project feels distinctive, reflecting both the client’s vision and the ingenuity of these creative minds.

- **Is there anything else you’d like to share?**
  Curated by GW Interiors, the Gil Walsh Showroom is a space dedicated to the art of design that highlights the craftsmanship and artistic perspectives of renowned designers, artists and influencers throughout the design community.
